ANNEX 1

Instruction for group work

Instructions for the facilitator:

Each group must perform a role, because of that, the only “by the rule” commentaries will be allowed to make. To be clear that they aren’t going to write like if they were themselves it’s required. They must perform following the instructions.

It’s need to make a copy of the instructions for the groups.

The groups are:

Group A

Promoting hate: This group represents all of that people that watching a Facebook news, they don’t search for any more information about that news so they believe all and they start to injure to the main character of the news and to the people that will make opposite commentaries to them. They only make negative commentaries about the news, promoting hate (they don’t think about the veracity of the news, they only injure).

Group B

News checker: This group represents to all of those that try to deny those false news but with good words. They should always be polite with the other ones and try to decelerate hating commentaries.

Group C

Victims: This group represents that people who has been attacked with the commentaries. They will be target of the critiques. They should think about to decide if they want to show their feelings about the attacks or if they choose to keep silence. They will try to get in their position the people who write negative messages and they will give explanations to remove prejudices.

Facilitator - promoter or troll: this represents the people that play to disseminate and/or create fake news to promote hate to focused collectives.
